

2 – DAY BUSINESS ENGLISH AT WORKPLACE

Introduction

This program focuses on grammar, listening, speaking, business writing, reading and professional business communication. While reading and writing English are recognised as very important, the program is designed to give each participant maximum opportunity to hear, understand, and speak the English language to improve their level of proficiency in verbal communication using English. This program aims to help participants to understand the rules of grammar so that they can construct grammatically correct sentences. It will remove the uncertainties in grammar and word usage by providing plenty of practice leading to a strong grounding. The program will give lots of clear grammar explanations which are easy to remember, and how to apply the knowledge in daily interactions and writing. The program goal is to provide exposure to practical and useful English so that the participants can immediately begin to communicate in the English language confidently.
